Home Project Autumn 2 2026

Your child can choose one of the following projects below to complete over the course of this half-term for their home learning. The finished project should reflect roughly 3 hours of work over the course of the term - approximately 30 minutes a week. There will be an opportunity in the last two weeks of term to share the finished project with the rest of the class. Every child should be ready to contribute a presentation of their own.

A timetable of the presentation slots will be shared with the children on the fifth week of the term.

The presentations are more than a "show and tell" and should evidence independent research and study at home about an area of our topic work that interests them most. The best presentations tend to be those that have started earlier in the half-term, as the children are able to speak confidently about their chosen area of study.

For further guidance about Home Learning please see the General Information page or speak to Mr Pastor.

Music & Reading	Science	Geography
Do you play an instrument? Do you practise at home regularly? Learn and master a new piece with your instrument and play for the class. Use a presentation or slide show to explain your piece: Title, Author, practice time, challenging parts...etc	In science, we are going to carry some electricity investigations. Research how to make a simple electromagnet, build it and demonstrate to the class how electricity can be used for magnetic purposes. Find out how does it work and share your learning with the rest of the class. Useful links: How to Make an Electromagnet - Science Experiment ELECTROMAGNETISM for Kids - What are Electromagnets? - Science for Kids	Rivers of the world: Research a river around the world. Collect different facts, what makes your choice a remarkable river? Create a presentation with your finding and share with the rest of the class.
Become a book critic, create a presentation from any of the books you have read this half term (appropriate for year 6) and review it for the rest of the class. Did you enjoy the plot, did any of the characters interest you in particular? Would you recommend it to anyone?		What about some river art? Create a piece of one of the rivers we have studied. You can use different art techniques: watercolour, collage, pointillism...etc Document the process, create a presentation and present your masterpiece to the class.
