# My Online Safety Rules

- I only use the internet at school when an adult is with me.
- I only click on links and buttons online when I know what they do.
- I keep my personal information (such as my surname, phone number and home address) safe and will not share these details online.
- I will not share my passwords with anyone.
- I only send messages online which are polite and friendly.
- I know the school/setting can see what I am doing online.
- I will only use the school's ICT equipment (including computers, iPads and e-learning platforms) for work that I have been asked to do in school.
- I always tell an adult/teacher/member of staff if something online makes me feel unhappy or worried.
- I will do my best to follow these rules because I know they are there to keep me and my friends safe. I know that if I do not follow the rules, my teacher may stop me using technology at school and will need to talk to my parents.
- I have read and talked about these rules with my parents/carers

## Agreement
