

Your child can choose one of the following projects below to complete over the course of this term for their home learning. The finished project should reflect roughly 3 hours of work over the course of the term - approximately 30 minutes a week. There will be an opportunity in the last two weeks of term to share the finished project with the rest of the class. Every child should be ready to contribute a presentation of their own. **A ParentMail will be sent shortly with presentation dates.**

The presentations are more than a “show and tell” and should evidence independent research and study at home about an area of our topic work that interests them most. The best presentations tend to be those that have started earlier in the half-term, as the children are able to speak confidently about their chosen area of study.

For further guidance about Home Learning, please see the Home Learning page or speak to Mrs Baucher-Webb.

Over to you!

For your final Home Learning Project of the year, the choice is yours!

You may choose to explore a hobby, interest or passion that you already have, or investigate something you have always wanted to learn more about.

Your project could involve researching, designing, making, creating or a combination of all of these.

You might choose to link your project to one of our curriculum areas this half term (see the curriculum overview for inspiration), or you may decide to pursue a completely different interest.

Whether you create a model, conduct an investigation, produce artwork, build something, make a presentation or teach us a new skill, your project should showcase your curiosity, creativity and effort.

You may present your learning in any way you choose. This could include a PowerPoint, poster, video, photographs, model or demonstration. Be ready to share your project with the class and explain what you have learned.

Your finished project should reflect approximately three hours of work spread across the half term.

Take your time, plan carefully and produce something you are proud of.

If you would like help choosing an idea or linking your project to our learning this half term, please speak to Mrs Baucher-Webb in good time. I will be very happy to help!
