

KEEP CALM AND CARRY ON

- 1 What can we do when the world outside is dark and full of fear?
Greet every morning with our bravest face.
What can we do when our friends and families are so far away?
Dream of the day when the world's a peaceful place.

CHORUS *Keep calm and carry on
And keep the home fires burning,
Keep calm and carry on,
The world will keep on turning.
Fun and laughter, hope ever after,
That's how the story ends,
Keep calm and carry on
Till the war is won.*

(With harmony until the end)

- 2 What can we do when the world outside is dark and full of fear?
We stick together, keeping spirits high.
What can we do when our friends and families are so far away?
We try to smile when it's time to say goodbye.

CHORUS

LAST CHORUS

*Keep calm and carry on
And keep the home fires burning,
Keep calm and carry on,

(All)
Keep calm and carry on
Till the war is won.*
